Service Request #: 1-190622571

Dear Sir

**Re: Dental Clinic – 138 Chivalry Road, Glenfield**

Further to our recent site visit, we have the pleasure in submitting the following offer:

**SCOPE OF WORK:**

**Upgrade existing overhead road crossing from pole 41590 to 618243 to 35mm ABC conductor. Install 400V underground distribution main in berm from pole 618243 and install 3ph TUD in berm to facilitate a 3ph 100A point of supply for proposed Dental Clinic.**

A contribution of **\$9,705.03 (GST inclusive)** towards the cost of the installation is required from you. This amount will be used by Vector to contribute to the costs that Vector incurs in the installation.

**Please note that costs associated with livening and inspection through your Electricity retailer, and costs associated with any works on communication cables, are not included in the above.**

**Clarifications**

**Road Opening Notices**

It is a legal requirement that a Road Opening Notice (RON) be obtained from Council prior to any civil works being carried out outside the property boundary. Council time frame for processing RON applications can take up to 15 working days. Application to Council for a RON will be made upon receipt of payment and the project will be entered into our work schedule prior to the RON approval being received. Allowance has been made for Council Consents, trenching and re-instatement to Council requirements.

**Statutory Requirements**

Our price is subject to statutory requirements having or imposing no restrictions or conditions upon the electrical reticulation within the development.

**Below Ground Obstructions**

We have not allowed for the excavation of any rock or any foreign objects should this be encountered. However if this situation arises the customer will be contacted before the work commences to discuss the options that are available. Should we encounter rock or concrete rubble there will additional charge for excavation and removal of \$ 328 plus gst per cubic meter.

### **Overhead Line Design**

This offer is based on the pole design submitted with this offer. Further pole (SI) calculations are required to confirm our proposed design. Electrix (Vector) will confirm the design on acceptance of this offer (or on awarding of the contract). While our design is based on a standard industry practice, it may be necessary to alter the design due to the result of the SI calculation. Any additional costs incurred due to this design change will result in a variation.

### **Traffic Management**

This quote includes provision for Traffic Management as required by the local council for your street. Please be advised that this may mean we can not schedule your work until up to 20 days after payment has been received.

### **Customer Service Mains**

Customer service main to be double insulated XLPE cables as per Vector requirements for connections in TUD type fuse pits. Additional charges will be incurred if customer cables are required to be transitioned to above cable, to enable connection to the TUD.

### **Ownership Demarcation**

The isolation fusing will be labelled Point of Supply (POS). All and any future maintenance beyond this point will be the responsibility of the consumers supplied by this reticulation.

### **Payment Options**

To proceed with this work Vector requires payment via one of the following options:

Please forward your cheque and signed acceptance form to Connections Centre, Vector Ltd PO Box 99882 Newmarket Auckland

or

To make a credit card payment please phone Vector on (09) 978 4599. When making this payment please quote the **Service Request Number** listed on the top of this letter. You will still need to return the signed acceptance form to Connections Centre, Vector Ltd PO Box 99882, Newmarket Auckland

or

To make a payment by direct credit please forward the payment to Vector Ltd Bank account details: 12-3113-0002030-00.

When making this payment please quote the **Service Request Number** listed on the top of this letter in the **Reference** so we can allocate the payment correctly. You will still need to return the signed acceptance form to Connections Centre, Vector Ltd PO Box 99882 Newmarket Auckland

Payment in any of the above options is deemed as acceptance of the conditions of the quotation.

The above quotation **1-190622571** is valid until **26th May 2010**. This offer may be withdrawn at anytime (before written acceptance). After the validity date has expired it will be necessary to obtain a new quotation.

Once your electrician has completed all work necessary for connecting the premise, contact your retailer to arrange connection to the network, at the point of supply.

Should you require any further information with regard to this work, please contact the undersigned.

Yours faithfully

A handwritten signature in blue ink, appearing to be 'Jim Cato', with a large, stylized 'J' and 'C'.
